Hello Readers: We have quite a bit of news to report this week, we are glad to say.

The first P.-T. A. meeting of the year was held on Monday evening at 7:30. Much business was transacted. There was no change in officers. Mr. Anderson Haskins is president.

The Student Council held its first meeting on Monday. Officers will be installed on October 5, by Congressman Watkins M. Abbitt, at Assembly.

Officers recently elected for the Choir are:

The Junior Class had its regular meeting on Tuesday. They are making plans for the Junior - Senior Prom. The president appointed Annie Megginson, Laura Fleshman James Gafford, and Catherine Humbles to bring in the ways and means of raising money for this project, so plan, Seniors, to enjoy yourselves.

The Seniors are getting off to a good start. Last Friday a ring and invitation representative met them. The photographer, Mr. A. G. Brodnax, of Richmond, will take pictures on December 11.

Juanita Hicks and Annistehe Megginson, two tenth grade Home Economist students won first prize on a cake they exhibited at the Five-County Fair in Farmville last week. Congratulations! Mrs. V. P. Elliott is instructor.

The 4-H Club members who participated in the Five-County Fair were William R. Forbes, president of the Carver - Price 4-H Club and the 4-H Council, Otis Walker, Herschel Forbes, and Arlene Walker. The placement and prizes won are as follows: Otis Walker and receiving $10 and 1st place ribbon; Arlene Walker, Market Hog and receiving $8 and 2nd place ribbon; William R. They deserve much credit for their fine showing and interest in their livestock projects. County Agent G. L. James is in charge.

We are glad to report news from the Elementary Department this week. The Second Grade is indeed having a jolly time each Monday morning with their new music teacher Miss Sergeon. The members of the class would like to further welcome her wholeheartedly. Mrs. G. S. Lee is instructor.

The Third Grade, under the leadership of Miss H. B. Stevens, has gotten off to a very good start this term. Thirty pupils are enrolled. Salk vaccine shots will be given next Monday at 10:00. Parents are urged to cooperate in getting all pupils to take the second inoculation.

The Sixth Grade, under the direction of Mrs. T. W. Hamlet, organized their club Friday. Officers are:

President, Beatrice P. James
Vice-pres., Cal Berkley
Secretary, Mildred Johnson
Asst. Sec., Emma Hancock
Treasurer, Ernest Butler.

In their library period, Miss Williams, the librarian, taught them these things: (1) Where to find the card catalog, how to use it as an index to the library; (2) the large dictionary, and how to use it; (3) magazines for boys and girls and what can be found in them, and (4) how to use the picture files and how you may borrow the pictures.

Until next week, our thought: "From contemplation one may become wise, but knowledge comes only from study."

JAYCEES TO BENEFIT FROM SHOW OCT. 6

The real body of Marie O'Day, murdered 'night club' entertainer whose body reportedly was found beneath the pavilion on the shores of the Great Salt Lake 18 years after she had disappeared, and still in a perfect state of mummified preservation, will be exhibited in Appomattox Thursday, October 6, it was announced by the Appomattox County Junior Chamber of Commerce, which is sponsoring the exhibition.

The Jaycees invite the public to view the unusual exhibit. The entertainer's body in its preserved state was attributed to the 26 per cent of salt chemical content present in the water of the Great Salt Lake. Miss O'Day's story is said never to have been duplicated.

The exhibitor invites doctors, nurses, and undertakers to inspect the body to convince themselves that the girl was once alive.

The Appomattox Jaycees realize 25 per cent of the gate during the exhibition. The body can be viewed in a special compartment which will be parked beside the depot. Admission will be 15 and 25 cents.

TOTAL DOUBLES

Golden, Col.- The coed enrollment at Colorado School of Mines doubled this year—to 2—when Catherine Larkin, 19, of Douglas, Wyo., and Dawn Hayford, 18, of Chine Lake, Cal. enrolled. The United States has refused to discuss the possibility of a foreign ministers' meeting with Communist China until all forty-one civilians detained by Peiping, have been released as promised.

'CURSED' SHIP

Wilmington, N. C.- After a series of mishaps, which started when the Isthmian Line freighter Steel Surveyor took on a white pylon in the Far East, the crew breathed a sigh of relief when the snake was unloaded here. The "bad luck" consisted of riots in Singapore, floods in India, the loss of a tiger, which jumped overboard into the Red Sea. The ship was chased into strike-bound port by a hurricane and, as the animals aboard the ship were being unloaded here, a cargo boom gave way and plunged toward a crowd of onlookers.

FINDS BROTHER KILLED

Boston, Mass.- While driving along a highway recently, James Shaughnessy spotted an accident a few cars ahead of him. Pulling up to the scene of the accident, he learned that a motorist had suffered a heart attack and crashed head-on into another car. The motorist, dead of a heart attack, was William J. Shaughnessy, 49, James' brother.

GIVES GOALS OF HIGHER EDUCATION AT RMWC CONVOCATION

Lynchburg, Va., Sept. 27.- Wisdom, the common sense of the cultivated mind, is what it takes to deal with "the temper of our time with its demand for the violent, the exciting, and the spectacular," said Dr. Brand Blanshard, professor of Philosophy at Yale University, in an address here tonight.

Dr. Blanshard was speaker for formal convocation at Randolph-Macon Woman's College for the 1955-56 session.

The ideally educated man was described by Dr. Blanshard as the one who, as Locke suggested, is able to give to everything proposed for his acceptance precisely that degree of assent which the evidence warrants. Such an achievement would involve the grasping of a vast mass of fugitive evidence and the appraisal of this evidence without distortion by slogans and headlines, by personal prejudice or popular feeling as one, for instance, considers such a problem as the conflict between the soviet and democratic way of life.

"What is wanted to deal with such an issue is more than knowledge, though that is essential, and more than cleverness, though an eye for remote implication is also essential, and more than a sound sense of the important and the unimportant, though that too is indispensable," he declared. "What is wanted is that rare combination of these things called wisdom, which is the common sense of the cultivated mind."

Higher education, he said, should help a student define his aims by revealing what he can and cannot do. It is a voyage in self-discovery. It should help a person to find his dominant self which, though perhaps a poor thing, is his own.

CAR KEEPS DATE

Hartford, Conn.- Charles Gilbert, a musician, had an engagement to play at a nearby resort. Someone stole his car and $600 worth of instruments. He borrowed another car and some instruments and drove to the resort. In the parking lot there, he found his own car with the instruments intact.

NEWS FOR VETERANS

Korea veteran-trainees under the GI Bill are not required to take according to a Veterans Administration study, just released.

The study discloses that 90 per cent of all Korean GI Bill trainees have stayed with the course originally chosen.

So far, only five per cent have changed their courses completely. Of these switched to studies in keeping with their aptitudes and abilities.

Under the Korean GI Bill, a veteran has the right to change his course of study once—and to receive VA said that during the first five years the Korean GI Bill has been in effect, more than 1,800,000 veterans so far have entered training. About half enrolled in colleges and universities; the remainder chose courses in other types of schools, such as on-the-farm.

The proportion of veterans who changed courses under the Korean GI Bill was about the same as under the World War GI Bill, a VA spokesman pointed out.

Of the 5,800,000 World War II veterans who received GI Bill benefits over the past 11 years, only about one in every four veterans changed from one course to another.

Originally, the World War II GI Bill contained no restrictions on course changes. And even when restrictions later were added, more than 1,000,000 veterans changed courses under certain conditions.
